By

Dear Colleague,

The 27th Annual Meeting
of the
Polymer Processing Society
will be held in
Marrakech, Morocco, May 10-14, 2011
(<http://www.pps-27.com>)

On behalf of the organizing committee, I am extending to you a formal invitation to attend the **International Polymer Processing Society Meeting** that will be held for the first time in Africa and in the MENA region (Middle East and North Africa), in the City of **Marrakech, Morocco, May 10-14th, 2011** (<http://www.pps-27.com>)

The meeting will gather scientists and engineers (from all around the world) who are working in the field of polymer processing, polymer synthesis and characterisation, polymer-based products, polymer physics, modelling and simulations and rheology.

Additionally these classical general symposia of the PPS meetings, the PPS-27 program will also include **Special Symposia** dedicated to some new niches, where polymer-based materials are being used such as optics and photonics, spintronics, biomaterials, nanomaterials and nanotechnology and also polymer-like structures such as dendrimers.

Abstracts should be submitted electronically on the meeting website ([Submission](#)) before **October 30th, 2010**. Please note that you will need first to create your personal **User Account** before submitting your abstract. This will allow you to revise your personal data including your abstract and update all your personal information if needed before the deadline.

Your participation is highly appreciated and will certainly contribute to the success of the Conference.

I am looking forward to seeing you in Marrakech.

Best regards,

Prof. M. Bousmina
Chair of the PPS-27 Annual Meeting
